

TUCSA WEBINAR: FIRE SAFETY

Ilker İBİK

BUILDING MATERIALS SEMINARS

FIRE PROTECTION CODE OF BUILDINGS AND FIRE TESTS

18/1/2021

The 18th STEEL STRUCTURE DESIGN STUDENT COMPETITION – shortly SteelPRO 2021-, organized by the Turkish Structural Steel Association (TUCSA), has held webinars for the participants, who are university students studying in Architecture and Construction Engineering departments.

As part of the webinar series of SteelPRO 2021, the second webinar titled “Fire Safety” was presented on Tuesday, 22 June 2021. The webinar was delivered to students and participants by Ilker İbik, the Chairman of Efectis Era Avrasya, a SteelPRO sponsor.

This year’s SteelPRO theme has been designated as “Convertible Mobile Steel System Design”.

We wish success to all students who participate in the competition.
